

# Sustainable Development Goals and Sustainable Energy

**Michael Kunz**  
Office of the Executive Secretary  
UNECE

Group of Experts on Renewable Energy  
First Session, Geneva, 18-19 November 2014

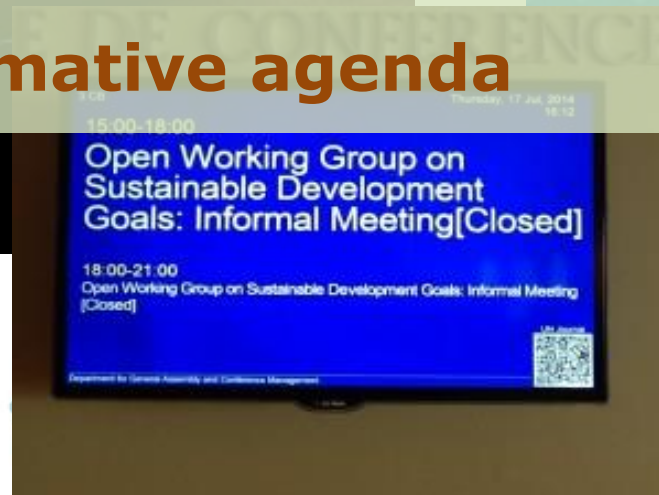

# Proposed Sustainable Development Goals (SDGs)

- **New framework to succeed the MDGs**
- **Set of 17 SDGs proposed by Open Working Group**
- **Universal and transformative agenda**

# SDGs and sustainable energy

## Goal 7: Ensure access to affordable, reliable, sustainable, and modern energy for all

<b>7.1</b>	Universal access to affordable, reliable, and modern energy services
<b>7.2</b>	Increase substantially the share of renewable energy in the global energy mix
<b>7.3</b>	Double the global rate of improvement in energy efficiency
<b>7.a</b>	Enhance international cooperation to facilitate clean energy research and technologies, and promote investment in energy infrastructure and clean energy technologies
<b>7.b</b>	Expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries

**+ Relevance of sustainable energy for other goals and targets**

# Way forward

- **Intergovernmental negotiations in 2015**
- **Development of indicators**
- **Means of implementation and partnerships**
