

GLOBAL ENERGY DIALOGUE FOR STABILITY & SUSTAINABILITY

Said Nacet
Energy Director
International Energy Forum (IEF)

Participating Countries

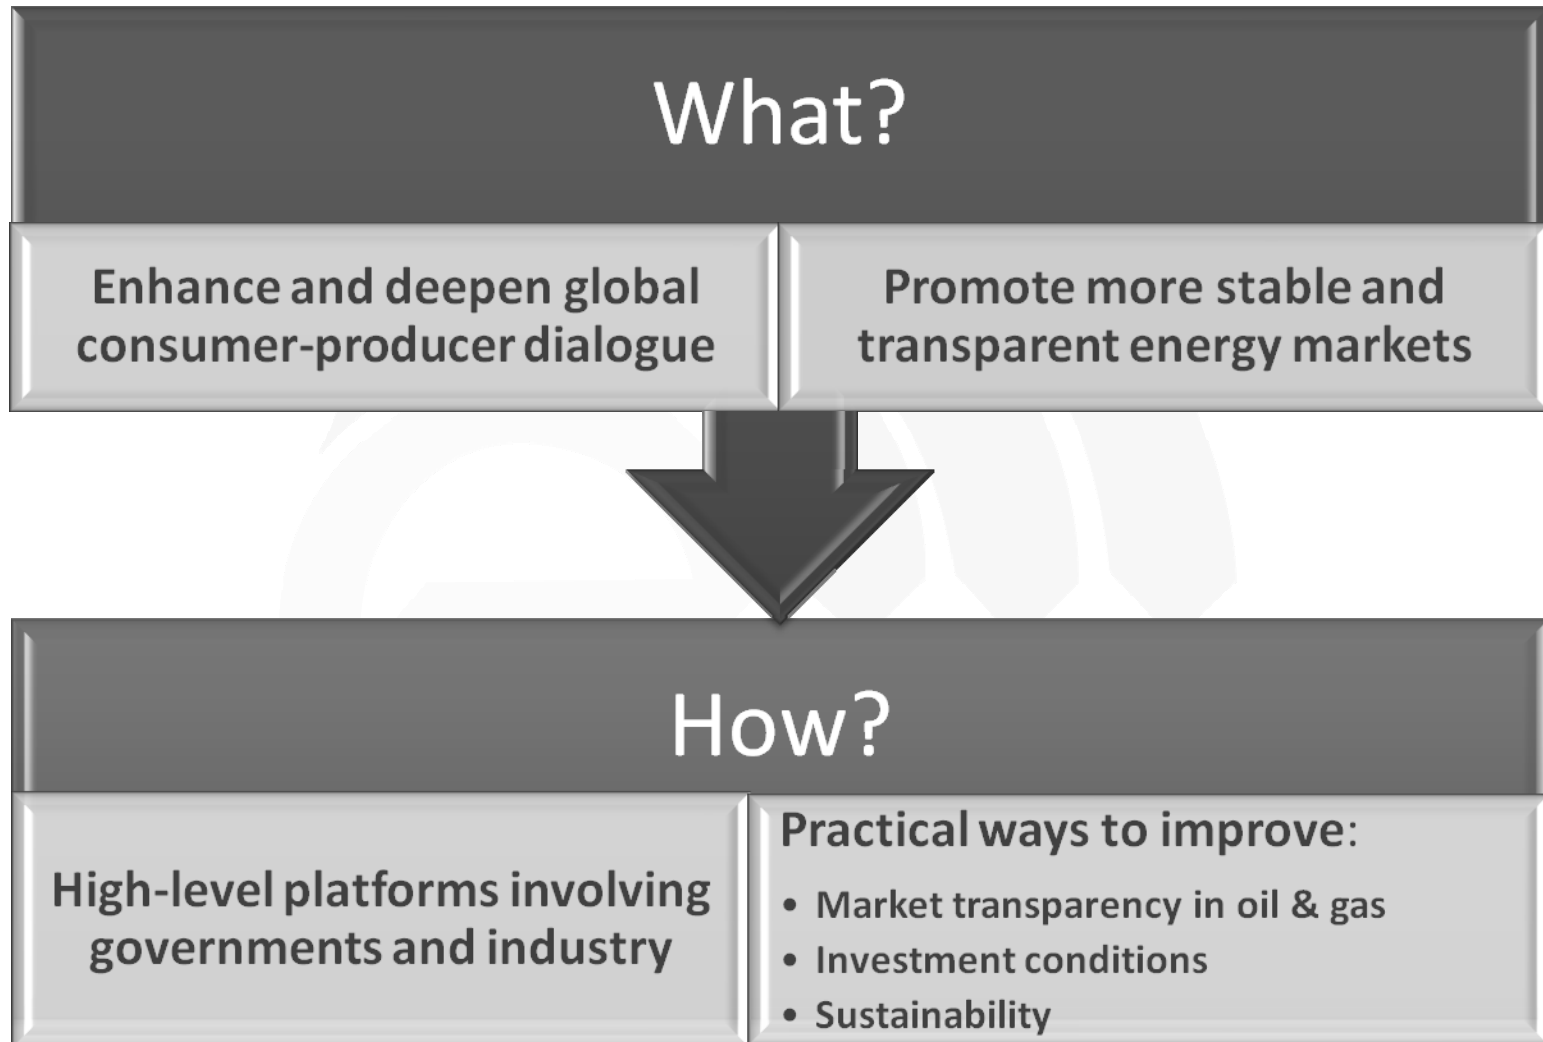

IEF covers key consuming & producing countries including those outside IEA and OPEC

More than 90% of Global Oil & Gas Supply and Demand...

Mission of IEF

Joint Oil Data Initiative (JODI)

What?

**Improve Global Oil Market
Stability & Predictability**

**Support Sound Planning &
Enhance Global Energy Security**

How?

**Enhance international oil market transparency through exchange
and release of monthly oil data at the global level**

Data Submission: JODI Questionnaire

Country: _____

Month: _____

Unit: _____

		Crude Oil		Petroleum Products					
				LPG	Gasoline	Kerosene	Gas/Diesel Oil	Fuel Oil	Total Oil
Production			Refinery Output						
Imports			Imports						
Exports			Exports						
Stocks	Closing		Stocks	Closing Change					
	Change								
Refinery Intake			Demand						

JODI Performance in 2008 Improving

Participation in JODI (out of 97 countries)

World Summary		2008*	2007	Improvement
Submission		75	69	8.7%
Timeliness		53	50	6.0%
Completeness		60	57	5.3%

	<p>Extension to Annual Data (End 2009)</p>		

Input to 12th IEF Ministerial in Mexico 2010

JODI Extension: beyond monthly oil data

Natural gas

- **11th IEF Ministerial noted that “it is time to progressively extend JODI to natural gas and encouraged the IEF Secretariat to take the initiative to make this happen, working together with other relevant international organizations and to report to the next Ministerial meeting, progress made in this regard.**

Capacities and expansion plans

- **Jeddah Ministerial Energy Meeting call “to further improve market transparency and stability, the six organizations involved in JODI under IEF coordination including IEA and OPEC could start work to cover annual data, that includes, among other things, upstream and downstream capacities and expansion plans.”**

Data Transparency : strengthening Global Energy Security

Horizon	Objective	Tool
SHORT TERM	Better assessment of oil market conditions for more stable energy markets	Monthly Submission of Core Oil Data
MEDIUM TO LONG TERM	Sound planning and timely investment to meet future demand	Annual Submission of data on Petroleum Reserves, Production capacities, etc.
