

# **Project Proposal: Development of Specifications for Application of the United Nations Framework Classification for Fossil Energy and Mineral Resources (UNFC) in Central Asia and Caucasus**

**Charlotte Griffiths, Secretary  
AHGE on Harmonization of Fossil Energy & Mineral  
Resources Terminology**

# Project Details

- **Expected timing and duration: June 2009 - June 2010**
- **Focus countries: Central Asia and the Caucasus**
- **Purpose: to facilitate these economies to build capacity on the UNFC and its application and to identify their needs (if any) in terms of development of specifications.**
- **Project would involve identification and recruitment of local experts in the target countries; a two-day workshop located in one of these countries; and international experts to train the local experts in the UNFC and its potential application and hence build capacity to develop specifications (if needed).**

# Budget

- **Regional Programme for Technical Cooperation**
- **Requested budget: USD 36,000**
- **National experts from target countries to participate in workshop**
- **International expert(s) - travel, preparation of training materials and leading the workshop**
