TOWN COUNCIL HOMEPAGE

Voznesensk web portal

www.voznesensk.org

The web portal consists of few sites, local counselors profiles, mayor and his associates' blog, topic sections for establishments and organizations , civil groups web pages and various links to other Internet sources like town's activity news, announcements, photos and videos of significant events.

Web portal provides:

- ❖ The access to laws and regulations;
- ❖ Resorts of citizens in electronic format;
- ❖ e-form for the Administration Services;
- ❖ Online application to the pre-school institutions;
- ❖ Town council plenary meetings broadcast;
- ❖ Web-cameras.

Electronic Health Record in Municipal Institutions of Voznesensk or Medical e-Management as One of the Basic Constituents of the Medical Service Efficiency

Electronic information system lies in one of the models of Medical Service Government, which is based on the authorized medical databases (set up in 2004).

The system provides:

- ❖ Gathering of the medical and economical data concerning each citizen throughout his/her life starting from his/her first outpatient examination of the family GP;
- ❖ All health records from the local hospital departments, consultations and examinations in the Advisory Clinic.;
- ❖ Outpatient databases are included in the Electronic health records service and serve as a base for population register as well as for the central database.
