

Interdivisional Cooperation on Energy Efficiency

Stefanie Held
Chief of Sustainable Energy Section
Sustainable Energy Division

75th Session of the UNECE Committee on Housing and Land Management
Geneva, 8-9 October 2014

Committee on Sustainable Energy (1)

Sustainable Energy Section

- Group of Experts on Energy Efficiency
- Group of Experts on Renewable Energy

Industry Section

- Group of Experts on Cleaner Electricity Production from Fossil Fuels
- Group of Experts on Coal Mine Methane
- Experts Group on Resource Classification
- Group of Experts on Gas

Other activities

- Gas Centre
- Energy Security Dialogue

Committee on Sustainable Energy (2)

UNECE Sustainable Energy Week

Geneva, 17-21 November 2014

- 1st session of the Group of Experts on Energy Efficiency (17-18 November 2014)
- 1st session of the Group of Experts on Renewable Energy (18-19 November 2014)
- 23rd session of the Committee on Sustainable Energy (19-21 November 2014)

Energy Efficiency in draft work plans

- Baseline of energy efficiency in the region
- Matrix of best practices and countries implementing them
- Identification of communities with no or little access to energy
- Action plan for SE4All in the region based on successful national case studies
- Develop standards for energy efficiency

Fifth International Forum on Energy for Sustainable Development

Hammamet, Tunisia, 4-7 November 2014

Government of Tunisia, UNECE, ESCWA, ESCAP, ECLAC, and ECA

- High-Level Panel: “Energy policies and international cooperation”
- Global Workshop: Promoting energy efficiency investments for climate change mitigation
- Plenary sessions:
 - Improved regulatory and institutional framework for promotion of financing for energy efficiency projects
 - Increased financing for investments in energy efficiency projects
- Two parallel workshops including: ***Energy efficiency in buildings: experiences and best practices*** (organized by CHLM)
- Working towards: joint Statement of the Executive Secretaries

Potential for Future Cooperation

- Assist countries in implementation of best practices in energy efficiency in housing and buildings sector (focus on high-impact measures, energy)
- Establish standards for energy efficiency in housing and buildings sector, in cooperation with the International Organization for Standardization (ISO)
- Assist countries in developing national action plans on EE taking into account Action Plan for Energy-Efficient Housing in the UNECE Region

Thank you for your attention.
