## *Follow-up and Next Steps*

**HLS on AGAs and LPRs: Follow-up and Next Steps**

25-27 June 2013, Alushta, Ukraine

---

---

## Outcome of AGAs

- Unique opportunity to get a comprehensive picture of the overall state of development of NSSs
- Deliver recommendations for the development of NSSs that should be incorporated into capacity building programmes and strategies
- Guide international and bilateral partners in designing, implementing and coordinating their contributions to the development of national statistical capacities
- Ideal tool for advocacy and fund raising
- Provide to all (NSI, national authorities, international and bilateral partners and other stakeholders) an objective evaluation of the achievements of capacity building programmes and activities

---

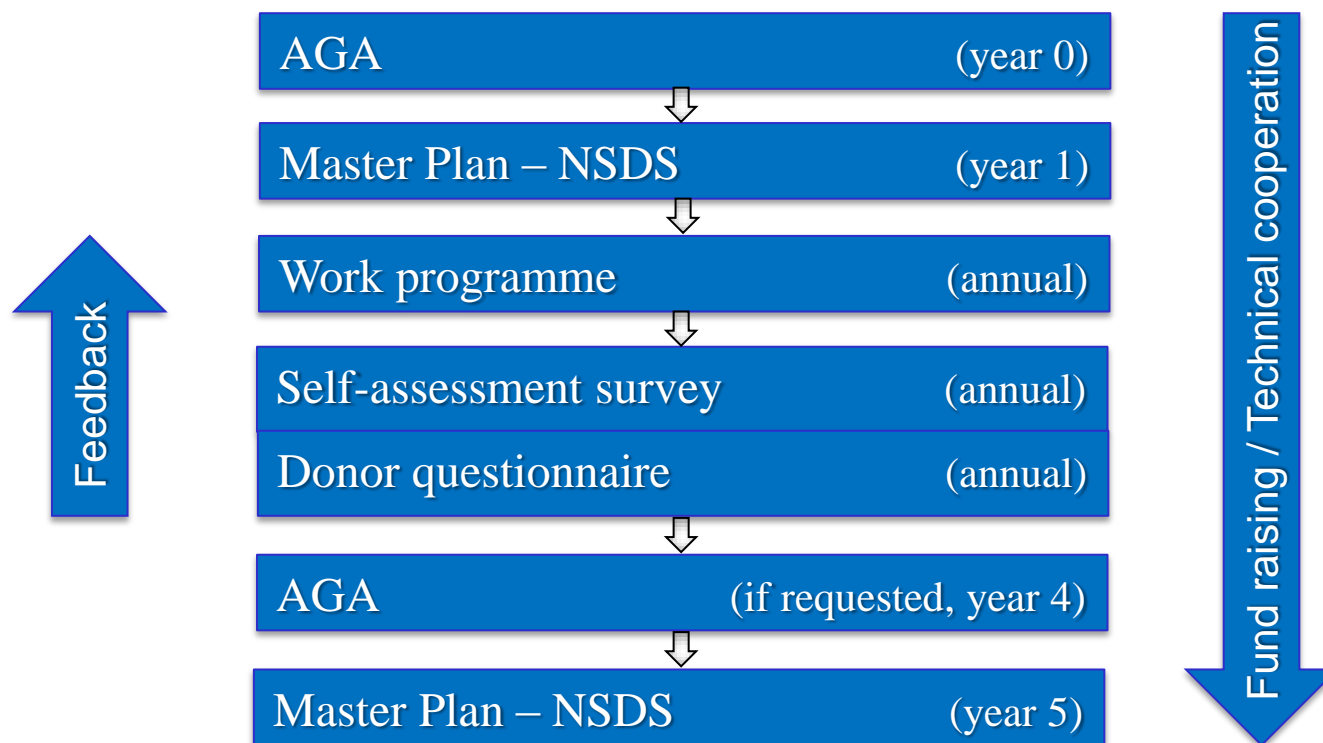

# Self Assessment Survey

Eurostat monitoring tool of the implementation of the recommendations based on a self-assessment survey:

- The tool is based on existing self-assessment surveys already conducted among EU enlargement countries
- Eurostat, jointly with UNECE, will extend its coverage to EECCA countries (ENP-East and Central Asia)
- It will allow the partner organisations to assess the achievements but also impediments, of the implementation of the recommendations
- To be available to all international and bilateral donors for improving efficiency and effectiveness of Technical cooperation activities
- To be linked to the annual donor coordination survey also in EECCA countries by Eurostat and UNECE (conducted in 2013 for the first time)

# Follow-up Strategy

With respect to the implementation of the recommendations, the partner organisations (EFTA-Eurostat-UNECE) propose the following:

---

# UNECE project proposal

UNECE to launch a UN Development Account (UNDA) project:  
*Strengthening National Statistical Capacity*

- Beneficiary countries: Armenia, Georgia, Kyrgyzstan, Moldova, Tajikistan, Turkmenistan, Ukraine and Uzbekistan
- To support countries to formulate prioritize and eventually incorporate recommendations into multi-year (strategic) and annual (operational) statistical programmes
- To mobilise financial and technical resources from multilateral and bilateral donors
- To coordinate and provide technical assistance and advisory services
- If requested, to conduct new AGAs in full coordination with the partner organisations and the WB (Master plan and NSDS)
