cc. Implementation Committee under the Espoo Convention

Dear Mr. Kulik,

I am contacting you in your position as focal point for the Convention on Environmental Impact Assessment in a Transboundary Context (Espoo, 1991). Please find attached a submission by Lithuania regarding the planned building of a nuclear power plant in Belarus. The submission comprises a cover letter and 13 enclosures. Because of the file sizes, enclosures 3 and 4 to the submission will be sent separately.

The submission was received by the secretariat today. In conformity with paragraph 5(a) of the Structure and Functions of the Implementation Committee and the Procedures for the Review of Compliance (ECE/MP.EIA/6, Annex II, appendix) this submission is transferred to you as the focal point of Belarus.

I kindly request that you acknowledge receipt of this message and its attachments.

The above-mentioned paragraph 5(a) also indicates: "Any reply and information in support thereof shall be submitted to the secretariat and to the focal points of the Parties involved within three months or such longer period as the Parties involved agree." I request you therefore to provide the secretariat with the reply of Belarus and other information not later than Friday 16 September 2011.

Yours sincerely,

Nick Bonvoisin, Secretary to the Espoo Convention
