Ref. EIA/IC/INFO/14 Kostolac lignite nuclear power plant

19 September 2014

Dear Ms. Ciută,

I am writing to you on behalf of the Implementation Committee under the Convention on Environmental Impact Assessment in a Transboundary Context (Espoo, 1991).

At its thirty-first session, held in Geneva from 2 to 4 September 2014, the Committee considered the information received on 2 April 2014 from your organization regarding the planned construction by Serbia of a lignite power plant in North-East Serbia, by the River Danube, close to the border with Romania.

The Committee agreed that it would continue its consideration of the matter at its next session. At the request of the Committee, you are now invited to provide an English translation of the annexes to the initial information you submitted. You are also requested to further explain why you consider the activity at issue to be covered by the provisions of the Espoo Convention.

Please provide the information above to the secretariat by no later than **21 November 2014**, for the Committee to consider at its next session.

Yours sincerely,

Felix Zaharia
Chair, Implementation Committee,
Convention on Environmental Impact Assessment
in a Transboundary Context
