Dear Mr.:

In connection with the complaint that has risen before this Institution, have received reports requested for the Presidency of the Board of Extremadura and Town Hall of Almendralejo. But, unfortunately the Hydrographic Confederation of Guadiana persists in its attitude not to send the information requested.

Before such an attitude, this Institution has been forced to recall once more to the agency of its duty to cooperate for the rapid clarification of the situation that we raised in its complaint.

So, as soon receive such information, you will be given account of the content of the reports received and the proceedings in the case proceed.

Regretting once more this unintentional delay, he sincerely,

Manuel Ángel Aguilar Belda
