Subject: additional material for CC47, 18 Dec.2014 (ACCC/C/2013/88)

(See attached file: 5._2012.12.29_Resolution_1761_Eng (excerpts).doc)

Dear Fiona,

We send to members of the Committee English translation of Resolution of the Government of the Republic of Kazakhstan 1761 dated 29 December 2012 and the Plan to Develop World-Class Ski Resorts in Almaty Region and near Almaty. Russian version of these documents was sent you together with our communication (Annex 5):

<http://www.unece.org/env/pp/compliance/compliancecommittee/88tablekaz.html>

We believe that this plan is a plan within the meaning of Article 7 of the Aarhus Convention:

- 1) It is a document approved by the Government;
- 2) It determines the arrangements for public authorities to implement the project Kok Zhailau;
- 3) It determines the basis for public funding of the project ski resort Kok Zhailau;
- 4) It was applied as a plan during submitting documentation of the environmental impact assessment of the project on the state ecological expertise;
- 5) It is definitely connected with the environment, because the project is being implemented in the national park.

Please, confirm receiving this letter.

Sincerely yours,

Sergey Solyanik
