Subject: AW: ACCC/C/2013/92 (Germany) - Party concerned's comments on draft findings

Dear Ms Marshall,

Thank you for sending the cover letter and the comments of the Party concerned on the draft findings in ACCC/C/2013/92.

As communicant I would like to welcome once again the findings of the Aarhus Convention Compliance Committee.

We disagree with the need to re-consider the substance of the allegations, responses and conclusions in relation to Article 3(2). In our view, all relevant allegations and responses were already considered. Should the Aarhus Convention Compliance Committee decide to re-consider these or other allegations, the communicant would kindly request an opportunity for rebuttal.

Would you please be so kind and confirm receipt of this email?

Best regards,

Brigitte Artmann
