Subject: RE: ACCC/C/2013/98 (Lithuania) - questions to the Party concerned

Dear all,

Representatives of the Ministry of Environment of the Republic of Lithuania are analysing in details questions provided by the Compliance Committee.

Taking into account the complexity and specifics of some of the questions we have serious doubts about our possibilities to provide answers to certain question until the given deadline. In addition to this, we ask Compliance Committee to extend the term for our reply until the 1st of October to these questions:

1. Question No. 3 – we are almost sure that no such agreement (between Lithuania and EU institutions) exists, but we need more time to make a thorough research;
2. Question no. 9 – we do not have such information at our disposal; we contacted the State Security Department with the request to provide information;
3. Question no. 11 – we might not be able to give English translation of the legislative provisions on time.

We want to assure you that we are doing our best to collect and provide requested information. We do not want to provide superficial answers because of lack of time.

Kind regards,

Eglė Paužuolienė
