Dear Fiona,

On behalf of the communicant in the case ACCC/C/2016/158 I inform that we see no reasons why this case, and communications ACCC/C/2016/151 and ACCC/C/2017/154 should not be considered jointly.

On the contrary, we believe that the process may benefit from the joint consideration of the three cases.

best regards,

Magda
