Subject: Decision VI/8g (Kazakhstan) - urgent reminder of request for latest version of draft Environmental Code

Dear colleagues,

I write regarding my email of 29 December 2019 and your reply of 10 January 2020.

In your reply of 10 January 2020, you provided a helpful table explaining which provisions of the latest draft Environmental Code you consider will implement each of the recommendations in paragraphs 2, 4 and 5 of decision VI/8g. Thank you for this table, which addresses the second bullet of my email of 29 December 2019, forwarded below.

However, we have to date not received from you the Russian text of the latest version of the draft Environmental Code (i.e. the version of the draft Code currently before the Parliament), as requested in the first bullet of my email of 29 December 2019. We would thus be grateful if you could provide, as a matter of urgency by immediate return email, the Russian text of the version of the draft Environmental Code submitted to the Parliament. Please note that the Committee is urgently waiting to receive the latest version of the draft Environmental Code in order that it can complete the preparation of its second progress review on decision VI/8g.

In addition, as requested in the third bullet of my email of 29 December, we would be grateful to receive by 17 January an English translation of the provisions of the draft Environmental Code referred to in your table of 10 January. If it is not possible to provide the English translation by 17 January, please let us know the date by when you will be able to do so, recalling that the Committee will need to receive this as soon as possible.

Thank you for your kind assistance regarding the above matters. Please do not hesitate to contact me if you have any questions.

Kind regards,
Fiona
