Subject: Decision VI/8g (Kazakhstan) - latest version of draft Environmental Code

Dear colleagues,

During its sixty-fifth meeting (Geneva, 4-8 November 2019), the Committee was informed that a new version of the draft Environmental Code had been prepared since the draft version provided to the Committee by Kazakhstan on 29 April 2019.

As you may be aware, following the submission of Kazakhstan's second progress report on decision VI/8g on 3 October 2019, the Committee is currently preparing its second progress review on the progress made by Kazakhstan to implement that decision.

So that the Committee can take into account the most recent version of the draft Environmental Code in its second progress review, the Committee has asked me to ask you to provide by return the following:

- The latest draft Environmental Code (in Russian)
- A table explaining which provisions of the latest draft Environmental Code you consider will implement each of the recommendations in paragraphs 2, 4 and 5 of decision VI/8g.
- An English translation of all provisions that you refer to in your above table.

In order that the Committee can consider in its preparation of its second progress review on decision VI/8g, we would be grateful if you could provide the Russian version of the latest draft Environmental Code and the above table (ie the first and second bullet point above), by end of Friday, 10 January. With respect to the English translation of the relevant provisions (ie the third bullet point above), we would be grateful to receive this by Friday, 17 January, and sooner if possible.

Thank you for your prompt assistance in this matter. Please do not hesitate to contact the secretariat if you have any questions regarding the above.

Kind regards,  
Fiona
