Request for a response to the letter with comments on the draft amendment to the Atomic Act (541/2004 Coll.) addressed to the Members of the National Council of the Slovak Republic

Dear Mrs Mareková,

We have received a copy of your letter of 12 June 2019 addressed to the Members of the National Council of the Slovak Republic in connection with the parliamentary draft amendment to Act No. 541/2004 Coll. on the Peaceful Use of Nuclear Energy (Atomic Act), which states, inter alia, that: "... in practice, we have observed serious and even dangerous mistakes made by the Nuclear Regulatory Authority of the Slovak Republic specifically in nuclear decision-making..."

With respect to the above stated quotation from page 2 of your letter, we kindly ask you to specify in which specific cases the NRA SR erred in making decisions. Please also provide the specific legal regulations that have in your opinion been violated and most importantly evidence to support your arguments.

If you do not specify when, where and how the alleged serious or dangerous mistakes were made by the NRA SR, we will consider your claims as damaging to the reputation of the NRA SR.

Yours sincerely,

Illegible signature
