7. Please describe any measures undertaken to promote the involvement of different stakeholders representing both providers and users of information, including civil society and private sector institutions, in the national node of the Clearinghouse.

We will put on the web site of MoEWM/NEPA concerning the informations about environmental protection activity received from civil society, private sector, etc.

We developed an internal procedure for establishing a national node of the clearinghouse and contact points.

We are in debate with IT specialists and providers of information for establishing technical means for making available more environmental informations.

We maintain a permanent contact with NGOs as users of informations and as participants at the environmental decision making process.

We will guarantee the English translation for the documents we put on the web site.
