1. In your country, which categories of environmental information (according to para 9 (c) of the *Recommendations* annexed to decision II/3) are publicly accessible through the Internet:

a) Reports on the state of the environment are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____
- iii. Are reports on the state of the environment legally required to be available?
Yes ___ No ___
- iv. If not generally available, do you have plans to meet requirements (according to article 5, para 3) for progressive improvement in the availability of this information?
Yes ___ No ___
- v. Comments

b) Texts of legislation, regulations, rules and other legally binding instruments on or relating to the environment are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____
- iii. Are texts of legislation, regulations, rules and other legally binding instruments on or relating to the environment legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to meet requirements (according to article 5, para 3) for progressive improvement in the availability of this information?
Yes ___ No ___
- v. Comments

c) Texts of policies, plans and programmes on or relating to the environment, and environmental agreements are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

- iii. Are texts of policies, plans and programmes on or relating to the environment legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to meet requirements (according to article 5, para 3) for progressive improvement in the availability of this information? Yes ___ No ___
- v. Comments

d) Environmental impact assessment and strategic environmental assessment documentation, where it is held in electronic form, is:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____
- iii. Are environmental impact assessment and strategic environmental assessment documentation legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___
- v. Comments

e) Reference to where environmental impact assessment and strategic environmental assessment documentation can be accessed is:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____

f) Data on environmentally significant releases and transfers of pollutants, within the scope of the Protocol on Pollutant Release and Transfer Registers (PRTR), are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____
- iii. Are PRTR data legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___
- v. Comments

g) Information on mechanisms related to access to justice within the meaning of the Convention is:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link _____
- iii. Is information on mechanisms related to access to justice legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___
- v. Comments

2. In your country, among documentation forming an integral part of any licensing or permitting process subject to the provisions of article 6, and where held in electronic form, which categories of environmental information are publicly accessible through the Internet:

a) Applications for licences or permits are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link, if applicable _____
- iii. Are applications for licenses or permits legally required to be available? Yes___ No ___
- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___
- v. Comments

b) Draft licences or permits and their attached conditions are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link, if applicable _____
- iii. Are draft licenses or permits legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___
- v. Comments

c) Final licences or permits and their attached conditions are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link, if applicable _____
- iii. Are final licenses or permits legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to meet requirements for progressive improvements for this information? Yes ___ No ___
- v. Comments

d) Comments of third parties on draft permits and conditions are:

- i. Generally available ___ Partly available ___ Not available ___
- ii. Please provide internet link, if applicable _____
- iii. Are comments of third parties legally required to be available? Yes ___ No ___
- iv. If not generally available, do you have plans to meet requirements for progressive improvements for this information? Yes ___ No ___

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

v. Comments

e) Where it is not available in electronic form, a reference to where documentation forming an integral part of any licensing or permitting process subject to the provisions of article 6 can be accessed is:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Is such a reference legally required to be available? Yes___ No___

iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

3. In your country, which categories of environmental information (according to the paragraph 9 (d) of the *Recommendations* annexed to decision II/3) are publicly accessible through the Internet:

a) Environmental monitoring data held by or on behalf of public authorities, including spatial attributes are:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Is such information legally required to be available? Yes___ No___

iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

b) Product information that enables consumers to make informed environmental choices is:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Are such data legally required to be available? Yes___ No___

iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

c) Good practice information and guidelines on better environmental management are:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Is such information legally required to be available? Yes___ No___

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

- iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

d) Appropriate metadata or background information so that the methods, processes and standards of data collection are transparent to future data users is:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Is such information legally required to be available? Yes___ No___

iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

e) Meta-information including catalogues of data sources and details of the scope of information held by public authorities and mechanisms for the provision of access to environmental information is:

i. Generally available ___ Partly available ___ Not available ___

ii. Please provide internet link, if applicable _____

iii. Is such meta-information legally required to be available? Yes___ No___

iv. If not generally available, do you have plans to progressively improve access to this information? Yes ___ No ___

v. Comments

4. In your country, what proportion of members of the public has electronic access:

a) In their place of residence?

More than 80% ___ 60-79% ___ 40-59% ___ 20-39% ___ Less than 20% ___

b) In their place of work (employment, school etc.)?

More than 80% ___ 60-79% ___ 40-59% ___ 20-39% ___ Less than 20% ___

c) In a publicly accessible facility (internet café, public library, kiosk etc)?

More than 80% ___ 60-79% ___ 40-59% ___ 20-39% ___ Less than 20% ___

5. In your country, has the scope of environmental information that is electronically accessible since 2005:

Generally increased ___ Partly increased ___ Remained the same ___ Declined ___

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

6. For the majority of Internet users in your country, what is the most common form of Internet access:

Dial-up (telephony) ___ Wi-Fi (wireless networking) ___ Broadband ___ Don't know: ___

Broadband is a term that encompasses DSL, cable and satellite high-speed Internet connections. DSL stands for "Digital Subscriber Line". Variants include ADSL, HDSL, IDSL, VDSL and SDSL.

7. Please describe any methods or measures that are used to gauge the level of actual use of environmental information accessed electronically in your country (for example, tracking of web traffic statistics on official environmental information sites):

8. Please identify in the table below the
a) main users of environmental information in your country, and
b) methods used to assess their information needs.

You may choose one or more categories.

a) Main User	b) Methods
Government	
Academia / Schools	
General Public	
Nongovernmental Organizations	

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

Private sector	
Others (Please identify)	

9. If your Ministry or agency has assessed user needs for environmental information, please briefly describe how successful it has been.

10. In your country, how is progress on improving electronic access to environmental information being communicated to the public?

11. What concrete steps have been undertaken to ensure that information is available electronically? Please include reference to national web portals or other sites of interest.

12. Is public access to environmental information through the Internet or other electronic means provided as a matter of practice or is there a legally enforceable right to such access? If possible, please include reference to relevant national policies or provisions of national law referring to this right.

13. Has your country formulated and implemented national "e-government" strategies for the use of electronic tools to facilitate administrative processes and services, to make public administration more transparent and efficient in providing available environmental information and dealing with requests for such information from the public? Please include relevant title(s), name(s), contact information of responsible officer(s) and timeframe for implementation.

14. In which types of environmental decision-making process (in the sense of articles 6, 7 and 8 of the Convention) may public participation take place electronically? What are the main steps in the process? If possible, please give concrete examples.

15. Have comprehensive environment-related programmes, including specific training programmes linking the use of information technology applications to the promotion of good environmental governance, been developed and implemented in your country?

a) Yes ___ No ___

b) Is the training programme:

i. Ongoing ___ Periodic ___ One-time ___

ii. Financed through international assistance ___
State-financed (National or local government) ___
Privately-financed (philanthropy, NGO, private sector) ___
Other (please describe) ___

c) Please provide the date(s) of initiation and target audience of environment-related training programmes:

16. Please describe any measures taken to promote the involvement of different stakeholders representing both providers and users of information, including civil society and private sector institutions, in the development and use of electronic tools to provide environmental information to the public?

17. What are the most important challenges and obstacles in your country to the use of electronic tools to implement the *Recommendations* contained in decision II/3?

You can use the enclosed list of possible challenges on page 10 as reference.

18. Does your country have an Aarhus Clearinghouse National Node web portal? If yes, please identify the website address (url): _____

19. Does your country have a designated Aarhus Clearinghouse National Node Administrator or contact point responsible for collecting, managing and updating the information contained in the national node? Yes ___ No ___

Responsible for content management:

Name: _____

Title: _____

Organization: _____

Postal address: _____

Telephone: _____

Fax: _____

Email: _____

The Aarhus Convention Electronic Information Tools Task Force
23-24 November 2006

Technical contact:

Name: _____

Telephone: _____

Email: _____

20. Date of launch of national node of the Clearinghouse: (Month/Year) _____

21. How often does your national node administration update the National Clearinghouse web portal? Monthly ____ Quarterly ____ Annually ____ Never ____

22. Approximately how many resource entries in the Aarhus Clearinghouse for Environmental Democracy (<http://aarhusclearinghouse.unece.org>) reflect national content?

More than 10 ____ 5 to 10 ____ Less than 5 ____ None ____

23. What method of communicating resource entries to the Aarhus Clearinghouse for Environmental Democracy does your organization or agency prefer to use? Does it submit information:

By email to aarhus.clearinghouse@unece.org ____

By email to staff of the Aarhus secretariat ____

By email to national experts serving on Task Force ____

By email to Clearinghouse National Node Administrator ____

Using Clearinghouse's online form accessible to registered content managers ____

Other (please specify) _____

24. Please describe any measures undertaken to promote the involvement of different stakeholders representing both providers and users of information, including civil society and private sector institutions, in the national node of the Clearinghouse.

25. Please provide any additional comments below.

Thank you for completing this questionnaire!
