

Task Force on Indicators and Reporting TFIR (II)

Pierre Studer

Swiss Federal Office of Public Health

Template for reporting

Assist the Parties in the reporting of progress achieved according to the articles 6 and 7 of the Protocol

Activities of the TFIR

- Elaboration of a guideline for the elaboration of the summary report in accordance with article 7
- Workshop on the pilot reporting exercise
- Evaluation of the national reports

Proposed structure of the template

1. Background
2. Common indicators
3. Targets and target achievements
4. Overall situation
5. Information on the persons preparing the report

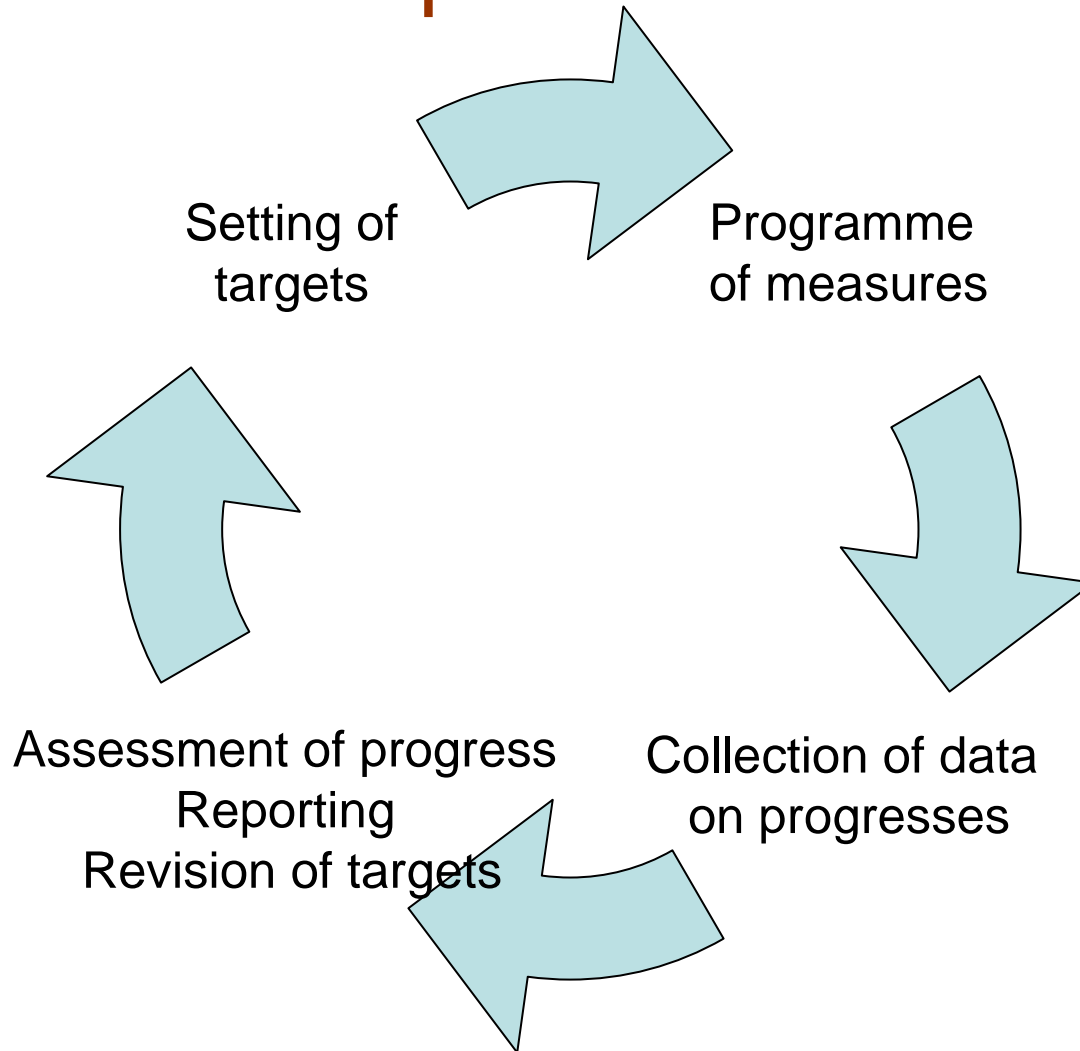

Common indicators

It is mandatory to report on:

- Access to safe water
- Access to improved sanitation
- Drinking water quality
- Reduction of water related diseases
- Effectiveness of management, protection and use of freshwater resources

A permanent optimisation ?

Activities of the Task Force on Indicators and Reporting

Second session of the Meeting of the Parties to the Protocol on Water and Health

(Bucharest, Romania, 23 – 25 November 2010)

What is specific ?

The relevance of the data is important

The way to obtain some results can be a target:

- Relevant information
- Legal requirements
- Development of a national evaluation

Challenges in reporting

- The collection of the necessary data is often a nightmare. It reveals a lack of information
- This report can not be established by one single entity
- It is essential to involve the main stakeholders and get their supports

Future activities on reporting

For the TFTSR:

- To bring support to the Parties in the elaboration of national reports
- To identify common issues with significant potential of improvements
- To give support to the other Task Forces

For the countries:

- To produce the national report

Thanks a lot for your attention
