Note

The meeting is convened pursuant to the request made by the Team at its second meeting, and endorsed by the
Working Party at its third session. The Team is convened back-to-back with the TOS on Industrial
Restructuring. Its main purpose is to enable the Working Party to take a sufficiently informed decision on what
priority subjects from the wider area of assignment of the Team merit continuation of effort in the framework
of the UNECE. The proposed agenda of the third meeting was streamlined, in order to make time available for
the corresponding in-depth discussion of Discussion Paper No. 1.
