Note: Due to the availability of new data, some of the figures in this table differ from those in table 3.5.13 of the *Economic Survey of Europe* 2002, No. 1. IMF estimates and projections are used for Tajikistan in 2000 and 2001. IMF projections are used for Bosnia and Herzegovina and Yugoslavia in 2001. Secretariat estimates for 2001 are generally based on three quarters of balance of payments data for 2001 and fourth quarter changes in 2000. Changes in coverage are available in UNECE, *Economic Survey of Europe, 2001 No. 1*, box 5.3.1.
