ECONOMIC COMMISSION FOR EUROPE

COMMITTEE FOR TRADE, INDUSTRY AND
ENTERPRISE DEVELOPMENT

Working Party on Agricultural Quality Standards
(Fifty-ninth session, 4 to 6 November 2003, Geneva)

REPORT OF THE FIFTY-NINTH SESSION

Addendum 5

Programme of Work

Note by the secretariat: In this document the secretariat presents a draft for the work programme of the Working Party for 2004 and 2005 as well as the calendar of meetings for 2004 as discussed at the 59th session of the Working Party.

1. PROGRAMME OF WORK FOR 2004 - 2005

PROGRAMME ACTIVITY 04: TRADE FACILITATION AND AGRICULTURAL STANDARDS

04 (B) AGRICULTURAL QUALITY STANDARDS

04 (B).1 Activities of the Working Party on Agricultural Quality Standards

Description: The Working Party together with its at present four active Specialized Sections prepares and revises standards, recommendations and interpretative brochures for the marketing and control of commercial quality of selected perishable produce. It also discusses general strategic and policy relevant subjects related to standardization of perishable produce, possibilities for technical assistance and cross-sectorial work as well as organizational matters.

Work to be undertaken:

- (a) Elaboration of new standards for dry and dried produce, fresh fruit and vegetables, and meat.

Duration: Continuing according to the needs of participating countries.

- (b) Revision of selected standards and recommendations.

Duration: The revision and updating of standards is a continuing task to adapt standards to developments of technology and the market and to harmonize with other regulations and standards.

- (c) Review of the status of the acceptance and application of UNECE Standards

Duration: Continuing.

- (d) Operational activities: workshops on harmonization of standards and control procedures for perishable produce to assist countries in implementing the standards and participate in world trade. It is expected that a workshop on supply chain globalisation will be held in Santiago de Chile in cooperation with UN ECLAC and EAN International in 2004. Other capacity building workshops in 2004 are planned in Moldavia and Georgia in accordance with extra budgetary means that can be secured.

Duration: Workshops will be planned according to the needs of countries.

- (e) Interpretation of the provisions concerning quality tolerances in the standards for fresh fruit and vegetables in cooperation with the OECD Scheme.

Duration: Continuing.

- (f) Investigation of quality assurance systems for perishable produce

Duration: Continuing.

- (g) Updating of the home page of the agricultural standards unit containing all standards and up to date information on the work of the Working Party.

Duration: The system will be continually enlarged and updated.

- (h) Co-operation with other organizations dealing with agricultural standards to ensure harmonization and avoid duplication of work.

Duration: Continuing.

- (i) Work on the review of the Geneva Protocol and the standard layout.

Duration: 2004-5

- (j) Identify and evaluate possibilities of cooperation with the other regional commissions. (see also (d))

Duration: Continuing

- (k) Identify and evaluate possibilities for cross sectorial activities within UNECE and with other organisations.

Duration: Continuing

04(B).2 Activities of the specialized sections of the Working Party

04(B).2.1 Specialized Section on Standardization of Fresh Fruit and Vegetables

- Revise UNECE Standards for Kiwi fruit, Peaches and Nectarines, Table grapes, Early and Ware Potatoes, Apples, Citrus fruit, Plums (others might be added according to needs of countries)
- Work on new UNECE Standards for Shallots, Truffles and Ceps (others might be added according to needs of countries)
- Update the standard layout for Fresh Fruit and Vegetables
- Check the compatibility of the control certificate and the UNECE layout key for trade documents
- Develop templates for inclusion of varieties in the standards for Pears, Plums and Table Grapes.
- Review the use of code marks, possibility for internationally harmonized marks
- Codify the provisions of several UNECE Standards
- Cooperate with WHO on a strategy on diet, physical activity and health
- Cooperate with the OECD Scheme on the development of explanatory material and internal quality
- Develop workshops, seminars, training courses and other activities concerning capacity building for the application of quality standards in accordance with needs of clients and available funds.

- Review of the General conditions of sale for fresh fruit and vegetables

04(B).2.2 Specialized Section on Standardization of Dry and Dried Produce

- To review the UNECE Standard for Dates
- To create new UNECE Standards for:
 - Blanched Almonds
 - Inshell Macademia Nuts and Macademia Kernels,
