

Recommendations on Regulatory Cooperation and Standardization Policies

Revised Edition

H

Presentation of UNECE Recommended Standards and Harmonized Technical Regulations¹

The Working Party on Technical Harmonization and Standardization Policies,

Recalling that the Working of technical regulation Party on Technical Harmonization and Standardization Policies in Recommendation B on coordination and standardization activities expressed the opinion that international and regional standards should be aligned as far as possible to the Directives used by the International Organization for Standardization (ISO) and the International Electro-technical Commission (IEC) in order to facilitate their implementation;

Recognizing the value to interested parties of being acquainted with international, regional and national standards and that this would be facilitated if such standards (and technical reports, etc.) are presented in as uniform a manner as possible irrespective of the technical content;

Has agreed to recommend that:

- H.1** The standards organizations entrusted with the standardization projects contained in the UNECE List of Sectors Requiring Standardization, including especially the UNECE Subsidiary Bodies concerned, are encouraged to use ISO and IEC rules for the drafting and presentation of International Standards.

¹ Recommendation adopted in 1988.
