Table of contents (cont’d)

Chapter 1.8 Checks and other support measures to ensure compliance with safety requirements
1.8.1 Monitoring compliance with requirements ........................................... 95
1.8.2 Administrative assistance during the checking of a foreign vessel ......................... 96
1.8.3 Safety adviser ................................................................................. 96
1.8.4 List of competent authorities and bodies designated by them ........... 103
1.8.5 Notifications of occurrences involving dangerous goods .......... 103

Chapter 1.9 Transport restrictions by the competent authorities .......... 109

Chapter 1.10 Security provisions
1.10.1 General provisions ........................................................................... 111
1.10.2 Security training .............................................................................. 111
1.10.3 Provisions for high consequence dangerous goods .................... 111

Chapters 1.11 to 1.14 (Reserved)

Chapter 1.15 Recognition of classification societies
1.15.1 General ............................................................................................ 117
1.15.2 Procedure for the recognition of classification societies ................. 117
1.15.3 Conditions and criteria for the recognition of a classification society applying for recognition under this Agreement ....... 118
1.15.4 Obligations of recommended classification societies ................... 119

Chapter 1.16 Procedure for the issue of the certificate of approval
1.16.1 Certificate of approval ..................................................................... 121
1.16.2 Issue and recognition of certificates of approval ............................ 122
1.16.3 Inspection procedure ...................................................................... 122
1.16.4 Inspection body .............................................................................. 122
1.16.5 Application for the issue of a certificate of approval ....................... 123
1.16.6 Particulars entered in the certificate of approval and amendments thereto ................................................................. 123
1.16.7 Presentation of the vessel for inspection ......................................... 123
1.16.8 First inspection .............................................................................. 123
1.16.9 Special inspection ........................................................................... 123
1.16.10 Periodic inspection and renewal of the certificate of approval ...... 124
1.16.11 Extension of the certificate of approval without an inspection ...... 124
1.16.12 Official inspection ......................................................................... 124
1.16.13 Withholding and return of the certificate of approval ............... 124
1.16.14 Duplicate copy ............................................................................. 125
1.16.15 Register of certificates of approval ............................... 125

PART 2 CLASSIFICATION...........................................................................(See Volume II)

PART 3 DANGEROUS GOODS LIST, SPECIAL PROVISIONS AND EXEMPTIONS RELATED TO LIMITED AND EXCEPTED QUANTITIES ..... 129

Chapter 3.1 General.......................................................................................(See Volume II)

Chapter 3.2 List of dangerous goods
3.2.1 Table A: List of dangerous goods in numerical order ...........................................(See Volume II)
Chapter 3.2 Special provisions applicable to certain articles or substances

3.2.2 Table B: List of dangerous goods in alphabetical order .......................................................... (See Volume II)

3.2.3 Table C: List of dangerous goods accepted for carriage in tank vessels in numerical order .......................................................... 133

3.2.4 Modalities for the application of section 1.5.2 on special authorizations concerning transport in tank vehicles .......................................................... 205

Chapter 3.3 Special provisions applicable to certain articles or substances

3.3.1 (Reserved) ......................................................................................................................... 258

Chapter 3.4 Dangerous goods packed in limited quantities

3.4.1 (Reserved) ......................................................................................................................... 258

Chapter 3.5 Dangerous goods packed in excepted quantities

3.5.1 (Reserved) ......................................................................................................................... 258

PART 4 PROVISIONS CONCERNING THE USE OF PACKAGINGS, TANKS AND BULK CARGO TRANSPORT UNITS .............................................................. 221

Chapter 4.1 General provisions

4.1.1 Application and general provisions .............................................................. 227

4.1.2 Use of overpacks .......................................................................................... 227

4.1.3 Empty uncleaned packagings (including IBCs and large packagings), tanks, vehicles, wagons and containers for carriage in bulk .......................................................... 227

4.1.4 Mixed packing .......................................................................................... 228

4.1.5 General provisions for Class 7 ........................................................................ 228

Chapter 4.2 Marking and labelling

4.2.1 Marking of packages .................................................................................. 235

4.2.2 Labelling of packages .................................................................................. 239

Chapter 4.3 Placarding and marking of containers, MEGCs, tank-containers, portable tanks, vehicles and wagons

4.3.1 Placarding ........................................................................................................ 247

4.3.2 Orange-coloured plate marking ........................................................................ 250

4.3.3 Mark for elevated temperature substances ................................................ 256

4.3.4 Marking for carriage in a transport chain including maritime transport .......................................................... 257

4.3.5 (Reserved) ........................................................................................................ 258

4.3.6 Environmentally hazardous substance mark ............................................... 258

Chapter 4.4 Documentation

4.4.1 Dangerous goods transport document and related information ...... 259

4.4.2 Container packing certificate ........................................................................ 268

4.4.3 Instructions in writing ............................................................................... 270

4.4.4 Example of a multimodal dangerous goods form ................................ 275

PART 5 CONSIGNMENT PROCEDURES ................................................................................. 225

Chapter 5.1 General provisions

5.1.1 Application and general provisions .............................................................. 227

5.1.2 Use of overpacks .......................................................................................... 227

5.1.3 Empty uncleaned packagings (including IBCs and large packagings), tanks, vehicles, wagons and containers for carriage in bulk .......................................................... 227

5.1.4 Mixed packing .......................................................................................... 228

5.1.5 General provisions for Class 7 ........................................................................ 228

Chapter 5.2 Marking and labelling

5.2.1 Marking of packages .................................................................................. 235

5.2.2 Labelling of packages .................................................................................. 239

Chapter 5.3 Placarding and marking of containers, MEGCs, tank-containers, portable tanks, vehicles and wagons

5.3.1 Placarding ........................................................................................................ 247

5.3.2 Orange-coloured plate marking ........................................................................ 250

5.3.3 Mark for elevated temperature substances ................................................ 256

5.3.4 Marking for carriage in a transport chain including maritime transport .......................................................... 257

5.3.5 (Reserved) ........................................................................................................ 258

5.3.6 Environmentally hazardous substance mark............................................... 258

Chapter 5.4 Documentation

5.4.1 Dangerous goods transport document and related information ...... 259

5.4.2 Container packing certificate ........................................................................ 268

5.4.3 Instructions in writing ............................................................................... 270

5.4.4 Example of a multimodal dangerous goods form ................................ 275
Chapter 5.5 Special provisions

5.5.1 (Deleted)

5.5.2 Special provisions for fumigated vehicles, wagons, containers and tanks

PART 6 REQUIREMENTS FOR THE CONSTRUCTION AND TESTING OF PACKAGINGS (INCLUDING IBCS AND LARGE PACKAGINGS), TANKS AND BULK CARGO TRANSPORT UNITS

PART 7 REQUIREMENTS CONCERNING LOADING, CARRIAGE, UNLOADING AND HANDLING OF CARGO

Chapter 7.1 Dry cargo vessels

7.1.0 General requirements

7.1.1 Mode of carriage of goods

7.1.2 Requirements applicable to vessels

7.1.3 General service requirements

7.1.4 Additional requirements concerning loading, carriage, unloading and other handling of the cargo

7.1.5 Additional requirements concerning the operation of vessels

7.1.6 Additional requirements

Chapter 7.2 Tank vessels

7.2.0 General requirements

7.2.1 Mode of carriage of goods

7.2.2 Requirements applicable to vessels

7.2.3 General service requirements

7.2.4 Additional requirements concerning loading, carriage, unloading and other handling of cargo

7.2.5 Additional requirements concerning the operation of vessels

PART 8 PROVISIONS FOR VESSEL CREWS, EQUIPMENT, OPERATION AND DOCUMENTATION

Chapter 8.1 General requirements applicable to vessels and equipment

8.1.1 (Reserved)

8.1.2 Documents

8.1.3 (Reserved)

8.1.4 Fire-extinguishing arrangements

8.1.5 Special equipment

8.1.6 Checking and inspection of equipment

8.1.7 Electrical installations

8.1.8 Certificate of approval

8.1.9 Provisional certificate of approval

8.1.10 Loading journal

8.1.11 Register of operations during carriage relating to the carriage of UN 1203

Chapter 8.2 Requirements concerning training

8.2.1 General requirements concerning training of experts

8.2.2 Special requirements for the training of experts

TABLE OF CONTENTS

VOLUME II

ANNEXED REGULATIONS ....................................................................................................................... 1

PART 1 GENERAL PROVISIONS ........................................................................................................... (See Volume I)

PART 2 CLASSIFICATION ...................................................................................................................... 3

Chapter 2.1 General provisions

2.1.1 Introduction .......................................................................................................................... 5
2.1.2 Principles of classification ................................................................................................. 6
2.1.3 Classification of substances, including solutions and mixtures (such as preparations and wastes), not mentioned by name .......................................................... 7
2.1.4 Classification of samples ................................................................................................... 13

Chapter 2.2 Class specific provisions

2.2.1 Class 1 Explosive substances and articles ........................................................................ 15
2.2.2 Class 2 Gases ..................................................................................................................... 43
2.2.3 Class 3 Flammable liquids ................................................................................................ 53
2.2.41 Class 4.1 Flammable solids, self-reactive substances and solid desensitised explosives .......................................................... 59
2.2.42 Class 4.2 Substances liable to spontaneous combustion .............................................. 71
2.2.43 Class 4.3 Substances which, in contact with water, emit flammable gases .................... 75
2.2.51 Class 5.1 Oxidizing substances ....................................................................................... 78
2.2.52 Class 5.2 Organic peroxides ........................................................................................... 83
2.2.61 Class 6.1 Toxic substances ............................................................................................. 97
2.2.62 Class 6.2 Infectious substances ...................................................................................... 110
2.2.7 Class 7 Radioactive material ............................................................................................ 117
2.2.8 Class 8 Corrosive substances ........................................................................................... 150
2.2.9 Class 9 Miscellaneous dangerous substances and articles ............................................ 156

Chapter 2.3 Test methods

2.3.0 General .................................................................................................................................. 165
2.3.1 Exudation test for blasting explosives of Type A ........................................................... 165
2.3.2 Tests relating to nitrated cellulose mixtures of Class 4.1 ................................................ 167
2.3.3 Tests relating to flammable liquids of classes 3, 6.1 and 8 .............................................. 168
2.3.4 Test for determining fluidity .............................................................................................. 171
2.3.5 Classification of organometallic substances in classes 4.2 and 4.3 ................................. 173

Chapter 2.4 Criteria for substances hazardous to the aquatic environment

2.4.1 General definitions ............................................................................................................... 175
2.4.2 Definitions and data requirements .................................................................................... 176
2.4.3 Classification categories and criteria for substances ...................................................... 177
2.4.4 Classification categories and criteria for mixtures ........................................................... 178
PART 3  DANGEROUS GOODS LIST, SPECIAL PROVISIONS AND EXEMPTIONS RELATED TO LIMITED AND EXCEPTED QUANTITIES ...... 185

Chapter 3.1  General
3.1.1 Introduction........................................................................................................ 187
3.1.2 Proper shipping name ..................................................................................... 187

Chapter 3.2  Dangerous goods list
3.2.1 Table A: List of dangerous goods in numerical order............................................. 191
3.2.2 Table B: List of dangerous goods in alphabetical order........................................... 353
3.2.3 Table C: List of dangerous goods accepted for carriage in tank vessels in numerical order............................................................... (See Volume I)
3.2.4 Modalities for the application of section 1.5.2 on special authorizations concerning transport in tank vehicles............................................................................................ (See Volume I)

Chapter 3.3  Special provisions applicable to certain articles or substances............................................. 417

Chapter 3.4  Dangerous goods packed in limited quantities................................. 449

Chapter 3.5  Dangerous goods packed in excepted quantities............................... 453

PART 4  PROVISIONS CONCERNING THE USE OF PACKAGINGS, TANKS AND BULK CARGO TRANSPORT UNITS.............................. (See Volume I)

PART 5  CONSIGNMENT PROCEDURES .................................................................... (See Volume I)

PART 6  REQUIREMENTS FOR THE CONSTRUCTION AND TESTING OF PACKAGINGS (INCLUDING IBCS AND LARGE PACKAGINGS), TANKS AND BULK CARGO TRANSPORT UNITS................................. (See Volume I)

PART 7  REQUIREMENTS CONCERNING LOADING, CARRIAGE, UNLOADING AND HANDLING OF CARGO........................................ (See Volume I)

PART 8  PROVISIONS FOR VESSEL CREWS, EQUIPMENT, OPERATION AND DOCUMENTATION................................................. (See Volume I)

PART 9  RULES FOR CONSTRUCTION........................................................................... (See Volume I)
