

UN/SCETDG/26/INF.30

COMMITTEE OF EXPERTS ON THE TRANSPORT OF DANGEROUS GOODS AND ON THE GLOBALLY HARMONIZED SYSTEM OF CLASSIFICATION AND LABELLING OF CHEMICALS

Sub-Committee of Experts on the Transport of Dangerous Goods

Twenty-sixth session
Geneva, 29 November-7 December 2004
Item 6 of the agenda

PROGRAMME OF WORK

GUIDING PRINCIPLES

Transmitted by the expert from the United Kingdom

The expert from the United Kingdom reminds the Sub-Committee of the work carried out by the Secretariat assisted by Keith Bradley (United Kingdom) in producing INF 86 for the 25th session in July. In addition the expert from the United Kingdom also notes the paper presented by the expert from the Netherlands in ST/SG/AC.10/C.3/2004/69 on developing the dangerous goods list in a systematic form.

The expert from the United Kingdom believes that during the coming biennium further work should continue on developing the Guiding Principles and putting them on the UNECE website. It is to be hoped that experts will consider this a useful tool and provide comments to the Secretariat to improve the current layout and content of the Guiding Principles. The expert from the United Kingdom would be happy to provide assistance to the secretariat in continuing this work.
