PROPOSALS FOR AMENDMENTS TO ANNEXES A AND B OF ADR

Speed limitation devices

Transmitted by the Government of France

SUMMARY

Executive summary: The aim of this proposal is to bring the requirements of ADR concerning speed limitation devices into line with those of Directive 2002/85/EC of 5 November 2002.

Action to be taken: Amend 9.2.1 and 9.2.5.

Related documents: Document INF.18 (seventy-sixth session).

Introduction

This proposal follows on from document INF.18 submitted at the seventy-sixth session.

We propose to bring the requirements of ADR concerning speed limitation devices into line with those of Directive 2002/85/EC and therefore to amend 9.2.1 and 9.2.5 as follows.

Proposal

− In 9.2.1, second indent:

Add after “31 December 1987”: “and all motor vehicles with a maximum mass exceeding 3.5 tonnes but not more than 12 tonnes first registered after 31 December 2007.”

− In the table of 9.2.1, under 9.2.5 Speed limitation device:

In the “Vehicles” columns insert a cross-reference ⁸.

In the “Comments” column, add the following text:

“⁸ Applicable to motor vehicles with a maximum mass exceeding 3.5 tonnes but not more than 12 tonnes first registered after 31 December 2007.”

− In 9.2.5 Speed limitation device:

Replace “with a maximum mass exceeding 12 tonnes” by “with a maximum mass exceeding 3.5 tonnes”.

Safety, feasibility, enforceability: No problems.
