

Proposed addition to document EVSC05-39 Rev1

Add new paragraph 5.2.1.32.

- 5.2.1.32. Vehicles of category M₁ [and N₁] when equipped with a vehicle stability function: the vehicle stability function shall consist of at least directional control and may include roll-over control as defined in paragraphs 2.32.2.1. and 2.32.2.2. respectively.
