

PROPOSAL FOR CHANGES IN ECE R94 – offset frontal impact

1.0 INCLUSION OF CLAUSE 2.1.1.1 AT ANNEX 3 – Foot impact requirements

1.1. **Cl. 2.1.1.1** - However at the choice of the vehicle manufacturer, the lower foot calibration test can be demonstrated either in without shoe condition (cl. 2 of annex 10) or in with shoe condition (cl 3 of annex 10)

1.2. JUSTIFICATION –

1.2.1 It is not possible to meet the foot calibration requirements with & without shoe together. It either meets “with shoe” requirements or “without shoe” requirements.
