STANDARDS

Information on work in progress in CEN

Transmitted by the European Committee for Standardisation (CEN)

As agreed at the September 2005 session, the CEN consultant will advise the Joint Meeting of work in progress in CEN which will result in standards intended to be referenced in the RID/ADR/ADN.

Since the last session of September 2007, CEN has issued to all ADR/RID members three dispatches of standards to be consulted on the dedicated CEN webpage. Two of these standards are at Step 2 and six at Step 3 of the approval process. ADR/RID members were invited to send comments according to the model in Appendix (English only) to the CEN consultant at karol_wieser@yahoo.de before 17.12.2007, 31.1.2008 and 29.2.2008, respectively. The CEN consultant will consolidate all comments in the revision to this document which will be distributed again and be reviewed by the Joint Meeting working group on standards that will meet at lunch breaks during the Joint Meeting session of March 2008.
