(144th WP.29, agenda item 4.2.19.)

WITHDRAWAL OF RESERVATION

Hungary expressed reservation in GRSG and also in WP.29 in relation to the modification of the scope of Regulation No. 66. (see para.37 in ECE/TRANS/WP.29/1064) The Hungarian delegate explained that their concern is not directly and only related to Regulation No. 66, it is more general and promised to present it in written form on the next WP.29 session. Meantime we understood that the European Community decided to support the modification described in ECE/TRANS/WP.29/2008/42, so Hungary withdraws its reservation.
