

REPORT ON THE ESTABLISHMENT OF AN AMENDMENT TO GTR No. 3
(Motorcycle braking)

Submitted by the GRRF chairman

The Executive Committee of the 1998 Agreement (AC.3) considered a proposal by Canada to amend global technical regulation No. 3 on motorcycle braking at its twenty-first session, in November 2007 (ECE/TRANS/WP.29/AC.3/21). The proposed amendment is a consequential amendment resulting from a simplification of Regulation No.78.

The proposal to amend the gtr was referred to GRRF to develop such an amendment.

At its sixty-third session, GRRF recommended for adoption by AC.3 of a draft Amendment 1 to gtr No. 3 for its establishment in the Global Registry (ECE/TRANS/WP.29/GRRF/63, paras. 15-17) at its June 2008 session. This amendment corrects the cross-reference to Regulation No.78, to take account of the re-edited simplified text introduced into that Regulation for the measurement of PBC. The technical content remains unchanged.
