

Proposal for amendments to document ECE/TRANS/WP.29/2008/86
(Regulation No. 48)

The inserted new paragraph 5.2.1., amend to read (the text of footnote 5/ remains unchanged):

"5.2.1. In the case of headlamps fitted with measures to prevent discomfort to other road-users in a country where traffic operates on the side of the road opposite to that of the country for which the headlamp was designed, such measures shall be achieved **automatically or** by the vehicle user with the vehicle in the park condition without the need for special tools (other than those provided with the vehicle 5/). The vehicle manufacturer shall provide with the vehicle a detailed description of the procedure.

Note: The proposal, based on informal document No. GRE-60-09, was adopted by GRE at its sixtieth session and is submitted to WP.29 and AC.1 for consideration (ECE/TRANS/WP.29/GRE/60). The amendments to the existing proposal are marked in **bold characters**.
