

**Proposal for draft corrigendum to Regulation No. 45**

Note: The text reproduced below was prepared by the expert from the Netherlands and proposes a correction to Regulation No. 45.

A. PROPOSAL FOR CORRECTION TO REGULATION No. 45

Paragraph 6.5.4., correct to read:

“..... controls for other cleaning devices.

In addition, when the cleaning device is required to be fitted according to paragraph 6.2.9. in Regulation No. 48 (~~Supplement 1 to the 01 series of amendments~~), and in the absence of any automatic activation of the cleaning device, it must operate through at least one cleaning period when, the headlamps being already switched on, the windscreen washers are operated.”

B. JUSTIFICATION

Apparently this specific reference to a certain state of affairs of Regulation No. 48 seems to be outdated and therefore no longer needed (Supplement 1 to the 01 series of amendments of Regulation No. 48 dates back to the end of 1995).

Hence it is suggested to correct this, by means of a corrigendum, through deletion of that specific reference.
