Joint Meeting of Experts on the Regulations annexed to the European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways (ADN) (ADN Safety Committee)

Fifteenth session
Geneva, 24-28 August 2009
Item 10 of the provisional agenda

OTHER BUSINESS

Study on Administrative and Regulatory Barriers in the field of Inland Waterway Transport Transmitted by the Government of Germany\(^1,^2\)

SUMMARY

\textbf{Summary:} Information on the European Commission study.

\textbf{Action to be taken:} Form an opinion.

---

\(^1\) Distributed in German by the Central Commission for the Navigation of the Rhine under the symbol CCNR/ZKR/ADN/ WP.15/AC.2/2009/8.

\(^2\) In accordance with the programme of work of the Inland Transport Committee for 2006-2010 (ECE/TRANS/166/Add.1, programme activity 02.7 (b)).
Introduction

1. The European Commission has commissioned a study on administrative and regulatory barriers in the field of inland waterways transport. A survey was conducted in 2007 and the study was completed in 2009 and communicated to member States of the European Union.

2. The Government of Germany wishes to inform all States taking part in the work of ADN of the existence and content of the study, which is contained in informal document INF.3.

Proposal

3. The ADN Safety Committee should take note of the information in general but should also form an opinion as to whether the submissions of the dangerous goods transport sector are of interest and whether and how it wishes to become involved in further discussion of the study. For that, the European Commission would need to make known its conclusions and how it intends to follow up on the study.
