

Regulation No. 124  
(Replacement wheels)

Proposal for draft amendments to Document GRRF/2009/30

A. PROPOSAL

Insert a new paragraph 2.2.8., to read:

"2.2.8. "Styling", the wheel's geometric shape, including basic contour and ratio between voids and material."

Insert a new paragraph 6.8., to read:

"6.8. When the replacement wheel is mounted on the vehicle, its design shall still permit to easily assess the wear of the service brake linings from the outside or underside of the vehicle, without the removal of the wheels as required in paragraph 5.2.1.11.2.1. of Regulation N° 13 and in paragraph 5.2.11.2.1. of Regulation N° 13H."
