New proposal to 2010/56 concerning Note 2 in 2.2.3.1.1

Sweden proposes the following amendments in 2.2.3.1.1

Note 2 By derogation from paragraph 2.2.3.1.1 above, diesel fuel, gasoil and heating oil (light), (whether or not they are distillates or synthetic products) having a flashpoint above 60°C and not more than 100°C shall be deemed substances of Class 3, UN No.1202.
