Table C, UN No. 3475

Transmitted by the Government of Germany¹, ²

Introduction

1. During the eighteenth session of the Safety Committee, held from 24 to 26 January 2011, the delegation of the Netherlands drew attention to the fact that column (8) of Table A for the entry for UN No. 3475, ETHANOL AND GASOLINE MIXTURE or ETHANOL AND MOTOR SPIRIT MIXTURE OR ETHANOL AND PETROL MIXTURE with more than 10% ethanol, indicated “T”, whereas a corresponding indication was lacking for transport in tank vessels in Table C (see informal document INF.5). The Safety Committee requested that a formal proposal to amend Table C should be submitted at the next session (see ECE/TRANS/WP.15/AC.2/38, para. 18).

2. The Committee is invited to consider the amendments proposed below:

¹ Distributed in German by the Central Commission for the Navigation of the Rhine in document CCNR/ZKR/ADN/WP.15/AC.2/2011/35.
² In accordance with the programme of work of the Inland Transport Committee for 2010–2014 (ECE/TRANS/2010/8, programme activities 02.7 (b)).
