(Tyre rolling noise and wet grip adhesion)**

Giving below our comments on ECE/TRANS/WP.29/GRRF/2011/12, Proposal for Supplement 1 to the 01 series of amendments to Regulation No. 117 (Tyre rolling noise and wet grip adhesion)

Clause	
Proposed change	Wet grip test to be made optional
Justification	<p>India proposed to make wet grip as an optional part of GTR. Whether wet grip is optional or mandatory is not very clear as of now.</p> <p>Request is being made for sharing the background study on wet traction and rolling resistance , indices and the balanced norms affirming that no compromise on safety is being made on attractive RR values.</p>
