

**Proposal for corrigendum to document
ECE/TRANS/WP.29/GRRF/2011/30 - (ETRTO) -
Proposal for amendments to Regulation No. 117 (Tyre rolling
noise and wet grip adhesion) (C3 tyres)**

The changes to Regulation No. 117 indicated in bold and strikethrough characters in GRRF/2011/30 are assumed to be adopted, and the changes to document GRRF/2011/30 are shown in bold for new or strikethrough for deleted characters.

I. Proposal

Paragraph 2.16., amend to read:

- "2.16. "Standard reference test tyre" (SRTT) means a tyre that is produced, controlled and stored in accordance with the ASTM (American Society for Testing and Materials) standards ~~F2870 (2011) for the size 315/70R22.5~~
- (a) E1136-93 (2003) for the size P195/75R14
 - (b) ~~F2872 (2011) for the size 225/75 R 16 C~~ **F2871 (2011) for the size 245/70R19.5**
 - (c) F2870 (2011) for the size 315/70R22.5"

II. Justification

On one hand, reference to F2872 (2011) for the size 225/75 R 16 C is incorrect as it refers to a C2 tyre. On the other hand, reference to the narrow C3 tyre (F2871 (2011) for the size 245/70R19.5) is missing.
