Catalogue of questions

**State of affairs concerning training and examinations in
conformity with chapter 8.2 of ADN****Note by the secretariat**

At its nineteenth session in August 2011, the ADN Safety Committee took note of the request of the informal working group on the catalogue of questions contained in Informal document INF.8 for information on the organization of ADN training and exams (ECE/TRANS/WP.15/AC.2/40, paras. 44-45). Belgium's response to the questions was made available to the Committee in French in Informal document INF.19.

The Safety Committee requested that the questionnaire in INF.8 be translated into English and Russian and sent to Contracting Parties. The Danube Commission kindly provided the Russian translation.

The questionnaire was sent to all members of the Safety Committee in all languages in October 2011. So far, only Serbia has responded to the questionnaire. The information from Serbia is reproduced below:
