

Introduction

- *The EC is in the process of revising type approval procedures for L-category vehicles (powered cycles, mopeds, motorcycles, tricycles and quadricycles)*

- *A proposal, three delegated acts and one implementing act are currently being drafted:*
 - **European Commission proposal: the Codecision act**

 - **Regulation on environmental and propulsion performance requirements (REPPR)**

 - **Regulation on vehicle functional safety requirements (RVFSR)**

 - **Regulation on vehicle construction requirements (RVCR)**

 - **Regulation on administrative requirements (RAR)**

Aims at international level

- *The EC wishes, as far as possible, to replace the legislative text in the REPPR with references to international regulations to increase harmonisation*
- *On behalf of the EC, Ecorys/TRL are performing a study to propose changes to various UN regulations to achieve IEPPR (International environmental and propulsion performance requirements)*

IEPPR Workshop

- *Stakeholder consultation workshop*
