Additional justification to ECE/TRANS/WP.29/GRE/2016/20

The TF-SA working document ECE/TRANS/WP.29/GRE/2016/20 also proposes a new wording to sub-paragraphs 5.6. (e) of Regulation No. 6 and 6.8. (e) of Regulation No. 50. Unfortunately the justification of these sub-paragraphs is missing in the working document.

A new wording of these sub-paragraphs was proposed to TF-SA by International Automotive Lighting and Light Signalling Expert Group (GTB). TF-SA decided to adopt this new wording in the ECE/TRANS/WP.29/GRE/2016/20. The aim is only to clarify the text without changing the current technical requirements.
