

Proposal for Corrigendum to the 01 series of amendments to Regulation No. 39 (Speedometer and odometer)

I. Proposal

Paragraph 2.5., footnote 2, amend to read:

"2.5. "*Speedometer*" means that part of the speedometer equipment which indicates to the driver the speed of his vehicle at any given moment²;

² This does not include the speed-indicating part of a tachograph if this complies with type approval specifications which do not permit an absolute difference between true and indicated speed which is higher than the values resulting from the requirements in paragraph ~~5.3.~~ **5.4.** below."

II. Justification

Paragraph 2.5. in Regulation No. 39 makes reference to a footnote that includes a cross-reference to paragraph 5.3.

With the adoption of the 01 series of amendments a new paragraph 5.1 was added and subsequent paras re-numbered. However, the footnote was not amended to take account of paragraph 5.3 becoming the new 5.4.
