I. Provisional agenda

1. Adoption of the agenda.
3. Facilitating the coordination of integrated time schedules and tariffs on the
   Euro-Asian transport links.
4. Identification of needs and requirements by producers, shippers, traders and freight
   forwarders in transport and trade on EATL routes.
5. Information from participants on recent developments in transport infrastructure
   priority projects along EATL routes.

¹ For reasons of economy, delegates are requested to bring copies of all relevant documents to the
session. There will be no documentation available in the conference room. Before the session,
documents may be downloaded from the UNECE Transport Division's website
http://www.unece.org/trans/main/wp5/wp5_ge2_14_preparatory_2.html. On an exceptional basis,

II. Annotations

1. Adoption of the agenda

In accordance with the Commission's rules of procedure, the first item to be considered is the adoption of the agenda.

Documentation
Informal document WP.5/GE.2 (2016) No. 1

2. Identification of cargo flows on the Euro-Asian transport links

The Group of Experts may wish to consider the skeleton of the Phase 3 report to be prepared and presented by the Scientific and Research Institute of Motor Transport – (NIIAT) from Moscow. This document may rely on the documents already provided to the Group of Experts by the Organization for Security and Co-operation (OSCE) and the Hellenic Institute of Transport. The Group of Experts may also wish to consider other similar inputs, for instance from the Organization for Cooperation of Railways (OSJD) as possible parts of the final Phase 3 report.

Documentation
Informal document WP.5/GE.2 (2016) No. 2

3. Facilitating of the coordination of integrated time schedules and tariffs on the Euro-Asian transport links

The Group of Experts may wish to consider new information on time schedules and tariffs on EATL routes. As agreed at the thirteenth EATL session, the OSJD shall submit an updated document on trains operating with regular itineraries between Europe and Asia (Informal document WP.5/GE.2 (2015) No. 3).

The International Union of Railways shall inform the Group about new relevant EATL-related developments. Other stakeholders are also welcome to present their contribution to this agenda item.

Documentation

4. Identification of needs and requirements by producers, shippers, traders and freight forwarders in transport and trade on EATL routes

The Group of Experts may wish to recall that based on an adopted work plan (ECE/TRANS/WP.5/GE.2/2013/1) it shall identify transportation needs and requirements
(including obstacles) which face producers, shippers, traders and freight forwarders along
nine rail and road EATL corridors.

The Group of Experts may wish to recall that it invited at its twelfth session company
Plaske and the Moscow State Institute for Engineers of Transport to update the document
initially drafted by Plaske for the twelfth session. The document contains a comparative
analysis of time and cost between rail and maritime transport between Europe and Asia

The Group of Experts will consider the presentations by producers, shippers, traders and
freight forwarders who share their experiences, best practices, problems and proposals for
solutions.

Documentation
Informal document WP.5/GE.2 (2016) No. 4

5. Information from participants on recent developments in transport
infrastructure priority projects on EATL routes

The Group of Experts may wish to consider new information by Governments and
stakeholders on this topic and provide guidance to the secretariat and the NIIAT on possible
actions.

6. Geographical Information Systems

The Group of Experts will continue to receive observations and guidance from the
Governments and exchange views on the further development of the Geographical
Information Systems (GIS), especially on the financing of this wing of the EATL project. A
possible involvement of commercial enterprises in EATL GIS will also be considered.
