

**Consultative meeting on the main findings of  
Viet Nam's Road Safety Performance Review**

---

15 June 2017

***Strengthening the national road safety  
management capacities of selected developing  
countries and countries with economies in  
transition***

# UNDA Project

---

*Strengthening the national road safety management capacities*

Project Title:	Strengthening the national road safety management capacities of selected developing countries and countries with economies in transition
Start date:	March 2015
End date:	December 2017
Beneficiary Countries:	Albania, Georgia, the Dominican Republic and Viet Nam

# UNDA Project

---

## *Strengthening the national road safety management capacities*

### **Objective**

To strengthen the national road safety management system capacities of selected developing countries and countries with economies in transition.

### **Expected Accomplishments**

EA1. Enhanced national capacity of selected developing countries and countries with economies in transition to identify the most critical aspects and priority needs in their road safety situation

EA2. Enhanced capacity of selected developing countries and countries with economies in transition to effectively address and improve road safety in priority areas as identified in the Road Safety Performance Reviews

### **Indicators of achievement**

IA1. Road Safety Performance Reviews are prepared and validated by beneficiary countries.

IA2. Beneficiary countries identify specific measures to implement recommendations resulting from Road Safety Performance Reviews and improve road safety management system.
