## 5. Proposals for amendments to RID/ADR/ADN

### (a) Pending issues

ECE/TRANS/WP.15/242 (Secretariat), paragraphs 13 and 43 and annexes III and IV	Report of the Working Party on the transport of dangerous goods on its 104 <sup>th</sup> session
OTIF/RID/CE/GTP/2018-A (OTIF Secretariat), paragraph 8 and annexe II	Report of the 9 <sup>th</sup> Session of the RID Committee of Experts' standing working group
OTIF/RID/CE/2018-A (OTIF Secretariat), paragraphs 6-8	Report of the 55 <sup>th</sup> Session of the RID Committee of Experts on the Transport of Dangerous Goods

At its 104<sup>th</sup> session, the Working Party on the Transport of Dangerous Goods (WP.15) adopted amendments to Annexes A and B of ADR for entry into force on 1 January 2019. Some of these amendments included references to standards which were still unpublished at the time of the adoption of the report (18 May 2018).

Following the decisions of WP.15 and the RID/ADR/ADN Joint Meeting at its 103<sup>rd</sup> and spring 2018 sessions respectively, the amendments concerning references to new standards or additives to referenced standards not published before 1 June 2018 were not included in

the list of amendments to be notified to the Contracting Parties on 1 July 2018 for entry into force on 1 January 2019.

Consequently, the amendments relating to standards EN ISO 17871: 2015 + A1: 2018, EN 1440: 2016 + A1:2018, EN 16728: 2016 + A1: 2018, EN 13317: 2018, EN 14025:2018 and EN 12972:2018 were removed from the list of amendments to be notified to the Contracting Parties on 1 July 2018. These amendments were listed separately in annexes III and IV of the report of WP.15 on its 140th session as draft amendments adopted by WP.15 for entry into force as soon as possible following their publication. This procedure would require a separate notification to Contracting Parties.

To ensure harmonisation between RID and ADR, the amendments relating to the abovementioned standards were also removed from the list of amendments to be notified to the RID Contracting States on 6 July 2018 for entry into force on 1 January 2019, as agreed by the RID Committee of Experts on the Transport of Dangerous Goods at its fifty-fifth session.

The Joint Meeting will be informed of the status of publication of these standards (see also document ECE/TRANS/WP.15/AC.1/2018/29 under agenda item 2) and will be invited to confirm whether the amendments related thereto should be the subject of a separate notification to Contracting States/Contracting Parties for entry into force in 2019 or should be considered as amendments to the 2019 edition of RID and ADR for entry into force in 2021.
