Container/vehicle packing certificate

Transmitted by the Central Commission for the Navigation of the Rhine (CCNR)* **

I. Introduction

1. The CCNR secretariat wishes to draw the attention of the ADN Safety Committee to the conflicting use of the terms “container/vehicle packing certificate” and “container, vehicle or wagon packing certificate” in ADN, and proposes amendments related to the use of these terms.

II. Background

2. At the ADN editorial and translation conference held in Strasbourg from 10 to 12 April, the OTIF secretariat informed the CCNR secretariat that the term “container, vehicle or wagon packing certificate”, as proposed in document ECE/TRANS/WP.15/AC.2/2018/2, is incorrect.

3. The OTIF secretariat considers the term “container/vehicle packing certificate”, which is taken from the IMDG Code and appears in background document ECE/TRANS/WP.15/237, annex I, to be correct.

* Distributed in German by the Central Commission for the Navigation of the Rhine under the symbol CCNR-ZKR/ADN/2018/28.
** In accordance with the programme of work of the Inland Transport Committee for 2018–2019 (ECE/TRANS/2018/21/Add.1 (9.3)).
4. The CCNR secretariat, in agreement with the OTIF secretariat, proposes that all occurrences in ADN be amended accordingly.
