  - New data collection techniques using AIS
  - Shared challenges of measuring foreign vessels
  - Importance of disaggregation of type of good
  - Details at <https://www.unece.org/index.php?id=46888>
- Glossary, census maps, transport safety, SDGs, bus and coach statistics

- **Inland Transport Statistics:** Published June 2017
- **Road Accident Statistics:** Published November 2017
- **Infocards:** produced for the ITC
- Database free to use: <http://w3.unece.org/PXWeb/en>

Road deaths per	
Million inhabitants	91
100,000 passenger cars	22

# WP.6 on SDGs

3 GOOD HEALTH AND WELL-BEING

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

11 SUSTAINABLE CITIES AND COMMUNITIES

- Workshops on improving data & sharing country practices to achieve the transport SDGs.

- Montenegro                      October 2017 (Western Balkans + Moldova)
- Kazakhstan                      October 2017 (SPECA)
- Slovenia                              November 2017 (Danube Region)
- Georgia                              February 2018 (Georgia and Albania)

Details at [unece.org/trans/transport-and-the-sustainable-development-goals.html](http://unece.org/trans/transport-and-the-sustainable-development-goals.html)

- Engagement on data production & metadata for the SDG indicators, in particular 9.1.2 with ICAO and ITF

# WP.6 SDG Papers

**3** GOOD HEALTH AND WELL-BEING

**9** INDUSTRY, INNOVATION AND INFRASTRUCTURE

**11** SUSTAINABLE CITIES AND COMMUNITIES

- Read our transport data SDG papers at [https://www.unece.org/trans/main/wp6/sdg\\_papers.html](https://www.unece.org/trans/main/wp6/sdg_papers.html)
- Informal analyses highlighting the importance of our existing data to monitoring the SDGs, and for transport analysis

# Updating Transport Statistics Glossary

- Glossary of harmonized definitions for transport statistics terms.  
4<sup>th</sup> edition published in 2009 by Eurostat, ITF and UNECE
- 5<sup>th</sup> edition: progress and first draft approved by WP.6 in June. Final comments and edits now being made
- Still time for contributions to passenger mobility and environmental impact chapters

# E- Censuses

- Unique international traffic censuses, comparable data on traffic flows on main European roads (AGR)
- E-Road: For 2015, data received from 21 countries
- Interactive map available [unece.org/trans/main/wp6/e-roads\\_maps.html](http://unece.org/trans/main/wp6/e-roads_maps.html)
