Item 6 (b) of the provisional agenda:

**Proposals for amendments to annexes A and B of ADR:
miscellaneous proposals**

Follow-up to 2019/13: Corrigendum for amendments related to the allocation of a transport category for Chemical and first aid kits (UN No. 3316)

Transmitted by the Government of the United Kingdom

1. This paper is to confirm that the United Kingdom's proposal to amend special provision 671 submitted to the March 2019 session of the RID/ADR/ADN Joint Meeting in ECE/TRANS/WP.15/AC.1/2019/20 was adopted without change.

The amendment is to add the following new paragraph at the end of SP 671:

2. "Kits containing only dangerous goods to which no packing group is assigned shall be allocated to transport category 2 for completion of transport documents and the exemption related to quantities carried per transport unit (see 1.1.3.6)."

3. As per our earlier paper 2019/13, we would like to propose that this amendment is adopted by the Working Party, and that a corrigendum is issued prior to 1st July 2019 (when compliance with the 2019 edition of ADR becomes mandatory).
