  - Specific n.o.s. entries covering a group of substances or articles of a particular chemical or technical nature, not otherwise specified, or
  - General n.o.s. entries covering a group of substances or articles having one or more dangerous properties, not otherwise specified.

**INF. 12**

4. Refrigerating machines of UN numbers 2857 and 3358 are generic entries, because the gas they contain is not specified.

5. In 2.2.2.3 under classification code 6 F, insert the following after the entry for UN number 3150:  
"3358 REFRIGERATING MACHINES containing flammable, non-toxic, liquefied gas".
